

TurboVap II - Accessories and Replacement Parts

Part Description	Part Number
TurboVap II 110V with 200 mL Rack for 1.0 mL stem recommended unit for 200mL volumes; includes glassware, aux. rack and venting hose	103187
TurboVap II 220V with 200 mL Rack for 1.0 mL stem recommended unit for 200mL volumes; includes glassware, aux. rack and venting hose	103192
TurboVap II 110V with 50 mL Rack for 1.0 mL stem includes glassware, aux. rack and venting hose	103189
TurboVap II 220V with 50 mL Rack for 1.0 mL stem includes glassware, aux. rack and venting hose	103194
TurboVap II 110V with 200 mL Rack for 0.5 mL stem includes glassware, aux. rack and venting hose	103186
TurboVap II 220V with 200 mL Rack for 0.5 mL stem includes glassware, aux. rack and venting hose	103190
TurboVap II 110V with 50 mL Rack for 0.5 mL stem includes glassware, aux. rack and venting hose	103188
TurboVap II 220V with 50 mL Rack for 0.5 mL stem includes glassware, aux. rack and venting hose	103193
Startup Kit	103207
Conversion Kit from TurboVap 200 - ASE 40 mL	64676
ASE Compatible - 40 mL TurboVap II - 110 V	103196
ASE Compatible - 40 mL TurboVap II - 220 V	103197

Accessories	Part Number
Auxiliary Rack for 50 mL tubes	42566
Auxiliary Rack 200 mL tubes	42567
Clear Bath, Water Bath Additive, 8 oz. bottle	44316
Rack Adapter kit to convert 0.5- > 1.0mL to add spacers to rack to accommodate 1.0mL stem	46462
Plastic Closures, 200 mL (6/bag) — to cover unused positions Cap Part Number (43129)	46463
Plastic Closures, 50 mL (6/bag) — to cover unused positions Cap Part Number (44102)	46464
Nozzle Plugs (25/pkg.) - for closing gas nozzles on manifold to conserve Nitrogen	46811

Glassware	Part Number
Tube, 200 mL with 1.0mL stem (12 ea.)	45817
Tube, 50 mL with 1.0mL stem (12 ea.)	45816
Tube, 50 mL with 0.5mL tip (12 ea.)	42526

Tube, 200 mL with 0.5mL stem (12 ea.)	42627
---------------------------------------	-------

Replacement Kits	Part Number
Sensor Replacement Kit	45713
Liquid Level Sensor, TurboVap II	101735
Rack Gasket Replacement Kit, 50 mL	46379
Rack Gasket Replacement Kit, 200 mL	46380
Control Board Replacement Kit	46382
Electronics Cover (with keypad) Replacement Kit	103205
Gasket Rubber, TurboVap II Key Pad Cover	60540
Membrane, Front Panel, TurboVap II, Gray	103173
Air Valve Replacement Kit	46385
Fitting-Barb, 1/8 X 10-32, Polypropylene	42635
Glass Panel Replacement Kit	46386
Cover-Glass, Nozzle, LS Evaporator	44137
Bath Replacement Kit	46985
Gasket Rubber, TurboVap Water Bath	60543
Insulation - Side, TurboVaps	44508
Insulation - Bottom, TurboVaps	46459
Water Bath, TurboVap LV, Teflon Coated	109304
Rack for 200 mL tube — includes spacers & top plate (sensors not included)	47082
Rack for 200 mL tube, w/1.0mL endpt - with Sensors (top plate not included)	46376
Rack for 200 mL tube, w/ 0.5mL Stem, with Sensors (top plate not included)	46375
Rack for 50 mL w/1.0 mL endpt, with Sensors (top plate not included)	46378
Rack for 50 mL tube — includes spacers & top plate (sensors not included)	47083
Rack, 50 mL tube, w/ 0.5mL endpt, with Sensors (top plate not included)	46377
Thermal, Sensor/Bracket, TurboVap	63411
Startup Kit, TurboVap II	103207

Replacement Parts	Part Number
Fitting, ¼ barb x 1/8 male NPT — connects gas tubing to gas source. (for ¼ connection see 43145)	38635
Fitting, ¼ barb x ¼ male NPT — connects gas tubing to gas source. (for 1/8 connection see 38635)	43145
2 inch Venting Hose, 12.5 feet Kit	42516
Fitting, coupling, panel mount — gas inlet coupling on back of unit	44015
Fitting, coupling, insert — connects gas tubing to inlet coupling	44016
Door Sensor Actuator Magnet	44111

Tubing Kit ¼ ID x 3/8 OD Bevaline®, 16.5 feet	44504
Tubing .38 OD X .25 ID, Bevaline®	42666
Top Plate (black) for 200 mL tube	45887
Top Plate (black) for 50 mL tube	46448
Air Regulator (without Fittings and Tubing)	46337
Air Regulator with Fittings and Tubing	54986
Bath Siphon	46381
Paint, Dark Grey Touch Up	46392
Fan Assembly	46453
Plenum Fan, LS Evaporator	44077
Nozzle-Stainless Steel, TurboVap Evaporator	43818
Knob Replacement, Regulator, TurboVapII	57956

Documentation	Part Number
Operator's Manual	46342
Reference Card	46343
